TIME SAVINGS

With this program, the work is done for you so you don't have to spend hours searching for best practices. Sample policies, procedures, handbooks, forms, interview guides, job descriptions, and much more have been created. All are posted in a format you can download and edit.

COST SAVINGS

CCA for Social Good has negotiated national cost savings programs with vendors used by ECE Programs. You join very large pools of buyers, so you get the purchasing and service benefits enjoyed by big players. On average, a center with 100 children saves over **\$6,000** per year; and a family provider with 6 children saves over **\$700** per year. This program pays for itself!

QUALITY SUPPORT

The goal of this program is to simplify management functions so that you can spend less time solving problems and managing administrative details and more of your time where it counts the most, face-to-face with the children.
