

# Kari Hickey

*Kari's Daycare*  
Lancaster, NH

- “ Kari Hickey is a childcare provider in a class of her own. My son is three years old and he has been enrolled in her program since birth. I wouldn't think of sending him anywhere else. ”
- “ Kari provides each child with love, understanding, discipline and education. Every child has the same rules but she gives each child the love and special attention they require based on individual needs. ”
- “ Kari's care and compassion for these children does not stop when their parents pick them up. She gets involved as much as she can whether it is by attending school field trips, birthday parties, sporting events, dance recitals, and most commendable the fundraisers that she organizes for a little girl in her care with severe liver disease. ”
- “ You can see in her eyes the passion she has for each child who walks into her home. ”
- “ For many children in her care she is the only stability they have... If it wasn't for her I am not sure how my son would handle his broken home. ”
- “ She is everyone's “Aunt” Kari and that is why she deserves this award. ”
