

# Nathan Miner

*Live and Learn Early Learning Center  
Lee, NH*

- “ He is responsible for developing many of the tools the children use to explore and learn. With Nate’s help they’re encouraged to learn about their surroundings using their senses and imaginations. ”
- “ Nathan is an amazing listener who is skilled at getting down to the child’s level. He tells wonderful stories, and is engaged and involved at all times. He weaves learning into fun activities and play. ”
- “ The main thing about Nate, not only is he an excellent teacher, understanding, nurturing, adventurous, spontaneous and patient, but he also knows how to PLAY and have FUN. ”
- “ My son Will is five years old and attends kindergarten at Live and Learn Early Learning Center. Nate was one of Will’s preschool teachers. When Will and I spoke about the possibility of Nate receiving this award, Will had some comments he asked that I be sure to include: ‘Nate helped us build a cricket farm and always lets us help him look for crickets, Nate is very strong, Once Nate made an ant farm with us, Nate works in preschool and is nice with the kids, Nate plays soccer with us and lets all kids join in.’ ”
